Hire Me!<sup>TM</sup> club.

Drug Free =  
Employable!

Stay on track in  
school & in life!!

## DRUG FREE. HIREME!<sup>TM</sup>

Tri-Rivers Career Center and Great Lakes Biomedical are pleased to partner and provide a *Drug Free. Hire Me!*<sup>TM</sup> student club.

*This club is an organized approach to encourage Drug Free lifestyles and will be supported with ongoing incentives throughout the year to motivate students to speak out against drug use, become an example to their peers, and establish themselves as “work ready” to potential employers.*

Last year’s incentives included T-shirts, wristbands, reserved parking, early lunch release, special treats and a hot cocoa bar and club mug. This year more cool incentives are planned, plus dynamic speakers/ programs.

The school is providing student drug testing with permission of the parents or legal guardians.

With our Opt-In student drug-testing program, we allow students, as requested by parents within our school districts, to participate in the district’s random student drug testing program. Results are confidential and reporting goes directly to only parents and designated Tri-Rivers employees and agents.

### *How the program works*

- The parent/guardian can obtain our Opt-In student drug testing consent form in Student Services.
- The student and parent must sign the Drug Free.Hire Me!<sup>TM</sup> Tri-Rivers consent form; turn in the signed agreement and sign in on the voluntary Drug Testing form from Bio Medical to participate in the testing.
- Identification of student is required at the time of testing. (License, photo id.)
- Upon completion of the testing, the testing company Medical Review Officer will contact the parent if additional information is required to verify possible medical interactions. If a positive test occurs for a student in the Drug Free.Hire Me!<sup>TM</sup> Club, parents will be contacted and the student must enter a drug counseling agreement in order to remain in the club. If not, the student will be removed from the club.

Our Opt-In Drug Free. Hire Me!<sup>TM</sup> Club is available to any student who is enrolled in a Tri-Rivers Career Center training program.

Participants who celebrate Drug Free lifestyles will have the opportunity to join the Tri-Rivers Career Center Drug Free. Hire Me!<sup>TM</sup> club through a voluntary drug-screening test.

Students will be offered incentives throughout the year for participating in the club and acting as role models for their peers.

It is important for students and parents to know that Great Lakes Biomedical will not attempt to diagnose substance abuse problems. We simply see this as a way to provide another tool to parents and guardians in making informed decisions on what might need to be done to help their children.

### **OhioMeansJobs-Readiness Seal**

Being drug free fulfills one of Ohio’s 15 employability criteria—committing to be drug free— established for receiving a graduating high school transcript with an Ohio-MeansJobs-Readiness Seal. Visit <http://education.ohio.gov> and type in OhioMeansJobs Readiness Seal for details. You can also talk to a school counselor to learn more.
