

Parents' Covid-19 Symptom Checklist ✓

Check your teen prior to sending them to Tri-Rivers for the following symptoms:

Your health and safety is our priority.

- Fever of 100 Degrees or More
- New Onset Cough
- New Onset Shortness of Breath
- New Onset Difficulty Breathing
- Chills
- Muscle pain
- Body Aches
- Sore Throat
- New Loss of Taste or Smell
- Fatigue
- Nausea
- Vomiting
- Diarrhea
- Congestion
- Runny Nose

If your teen exhibits one or more of these signs...

Unless his/her symptoms are associated with a known underlying medical condition:

- Notify your health care provider
- Keep your teen at home until they are fever free without fever reducing medicine for 24 hours and until their symptoms have improved for 24 hours, unless directed by your doctor
- Notify Tri-Rivers that your teen is experiencing COVID-19 symptoms by calling 740-389-4681, x7100 or emailing Connections@tririvers.com

If your teen exhibits any of the above symptoms while at Tri-Rivers, you will be notified and you will need to pick him/her up in a timely manner. You will be advised to notify your teen's healthcare provider.

Our health services coordinator will discuss with you the criteria for your teen to return to Tri-Rivers.
