

NOTES FROM THE CAFETERIA TO PARENTS

Our goal is for your teen to have a nutritious meal in a safe environment. We have made many adjustments in our cafeteria, including social distancing, additional sanitizing protocols and safe serving practices.

This year we will be offering three full meal options:

1. Hot lunch full meal
2. Chef Salad full meal
3. Cold Sandwich full meal

Ala Carte options will also be available for students that do not want a full lunch.

Note: During an A/B Schedule, hybrid instruction, “Bagged-to-Go Lunches” will be available by preordering the day students are at school for the next day when they are doing assignments at home. Students (full pay and reduced pay) would need to have funds in their account to take advantage of this service.

For safety purposes, we ask:

- That you add money to your teen’s lunch account at:
<https://www.k12paymentcenter.com> or on the k12 payment center app.
This will minimize long lines in the cafeteria and make the process safer and smoother.
- Please complete the Free or Reduced Lunch Application available on **FINALFORMS**
This will ensure your student receives quick service.

We are looking forward to serving your teen great lunch options!
